Adventure Summary

On the trail of the legends of the famous early Pathfinder Selmius Foster, you traveled to the place he died—the isolated island of Bhopan. After surviving an onslaught from the island’s fey, you found a magically advanced society whose people have deep connections to the fey. The king of Bhopan invited you to participate in a grand masquerade. The royal steward, Lelzeshin, gave you a chance what Foster sought by entering the royal vaults. After speaking to him, you worked with him to break into the vaults / refused his suggestion, and instead wound up accompanying guards to the vault’s defense after Lelzeshin broke in on his own.) Ultimately, you battled Lelzeshin over control of a primal artifact, the *Perennial Crown*. As soon as the artifact was in your hands, the vault collapsed, trapping you inside. The story continues in *Pathfinder Society Scenario #1-17: The Perennial Crown Part 2: The Thorned Monarch*.
