Adventure Summary																		
<p>You and your allies helped the Sarkorian god Dolok Darkfur enact a ritual to track down the location of a possessed member of the Decemvirate, Sapphire. You braved a supernatural freestorm and dangerous elemental and undead foes to reach an immense stone Colossus, which you ascended to confront the possessing spirit. Atop the Colossus, you battled against Sapphire, whose true identity was Drandle Dreng. You either <input checked="" type="checkbox"/> managed to free him from the influence of the spirit, or you were forced to kill him and the spirit's control. In the battle's aftermath, you either <input checked="" type="checkbox"/> used the last of the ritual's energy to save Dolok Darkfur from being stranded on the Ethereal Plane, or you lacked the energy to summon Dolok back. The battle was a setback for the spirit, who not only lost control of Drandle but was also temporarily dispersed. A spirit of such power can't be destroyed so easily, however. Your ritual provided a vision of the spirit's plans, showing it riding atop a blazing skeletal dragon into the center of a storm of fire.</p>
