Adventure Summary

To secure the help of the draconic archivist Valashinaz in appraising the mysterious warshards, you were sent to dispense of a thorn in the dragon's side—the young imugi dragon Xalreonshin. This upstart had recently taken up residence at the edge of Valashinaz's territory, in the mountainous hot spring town of Maccho, trading on her name and reputation to siphon off gold and magical items to his own end. You traveled to the town and tracked down Xalreonshin's human aides, convincing them to give up the information needed to find the dragon's watery lair. You then traveled through the mountains to Xalreonshin's hidden lake, where the dragon was hiding an object of great importance. You ☒ talked the imugi down ☐ fought and defeated the imugi.
