

Mad Eye travis Zee 14034-2033

Horizon Hunters Champion (Faction Boon):

Rugged Mentor (Horizon hunters):

While working with less experienced Pathfinder allies, you provide important insights that keep your less experienced colleagues safe from harm. For any PCs benefiting from a Level Bump and whose levels are lower than yours, you increase the Level Bump's modifier to saving throws to 2.

Storied Talent (Horizon hunters):

Word of your skill and expertise is spreading, and you find that increasingly prestigious clients are prepared to pay for your services. When using Downtime to Earn Income, you can choose to attempt a task of your level.

Wayfinder / Rugged (Horizon hunters):

Light

O 1 / Adventure

1 Action

You can reduce the severity of your clumsy, enfeebled, or sickened condition, reducing that condition's value by 1.

You can attempt to use it a second time, overcharging the wayfinder at the risk of destroying it. When you do so, roll a DC 10 flat check. On a success, the wayfinder is broken. On a failure, the wayfinder is destroyed. If anyone tries to overcharge a wayfinder that's already been overcharged, the item is automatically destroyed (even if it has been repaired) and does not provide the activated benefit.
