

FACTION JOURNAL CARDS

This document includes seven Faction Journal Cards for Season 9 of the Pathfinder Society Roleplaying Guild organized play campaign. These are a special way to track your character's contributions to her faction. Each card is a half-page, double-sided handout so that you can keep it handy during play as a reminder of your faction's goals.

HOW TO USE

Your character can use the Faction Journal Card for her faction. Each card includes a summary of the faction's interests, three special boons on the front of the card, and multiple goals tied to earning the boons on the back of the card. Once per adventure that grants a Chronicle sheet and at least 1 XP—whether it is a Pathfinder Society scenario, a section of a Pathfinder Module, a Pathfinder Adventure Path volume, or other sanctioned content for the Pathfinder Society Roleplaying Guild—you can earn credit toward one of the goals on the back of the card and check one of the boxes that precedes that goal; even if you fulfill multiple objectives, you can check only one box per adventure unless otherwise stated. If a goal requires you to fulfill a second goal in a particular way, you receive credit for doing so even if you have already checked all of the secondary goal's boxes. A few goals this season are tied to playing Pathfinder Adventure Card Guild scenarios. For these goals, check a box on one of your Faction Journal cards each time you complete an Adventure Card Guild scenario.

Once you have checked all of a goal's boxes, you complete that goal. When you complete two, four, or seven goals, you also earn the corresponding boon on the front of the card. You can fulfill goals and use the earned boons only if you are a member of the faction; changing factions causes you to lose any benefits of your previous faction's card. Most of the boons provide a constant bonus or a benefit usable once per adventure, though particularly powerful boons may have limited uses.

Some faction goals require a successful check using a skill commonly associated with that faction; however, every faction agent has a different skill set, and not all agents can accomplish those tasks unaided. In place of attempting a goal's skill check, you can instead spend 1 Prestige Point to succeed through other channels (2 Prestige Points if the DC is higher than 15 + your character level).

For GMs: By design, the Faction Journal Cards include a variety of goals, some that include very precise instructions and some that rely on interpretation. This gives the PCs many opportunities to fulfill these goals, rather than forcing them to play a specific adventure to complete their cards. Err on the side of leniency when ruling whether or not a PC fulfilled a faction objective; for example, defeating an undead creature does not necessarily mean striking the killing blow, and someone who actively contributes to the combat almost certainly qualifies. Any skill check DCs associated with a goal are independent of and do not completely replace any other DCs that appear in a scenario. Several goals require a PC to recruit an NPC to join her faction. NPCs who already belong to another faction (including most venture-captains) and creatures especially hostile to the PCs or the Society (like most evil outsiders and Aspis Consortium agents) are not viable recruits. Each card also includes a special goal tied to being a GM for Pathfinder Society games.

ADDITIONAL CARDS

The organized play campaign releases Faction Journal Cards to reflect each faction's evolving goals and its ties to the current season's objectives at the beginning of each season. A PC joining a faction can acquire only the most recent version of a faction's card; however, a PC who has checked at least one box on an earlier season's faction card may still continue to fulfill its goals and earn its rewards even into the new season. Goals completed on previous Faction Journal Cards do not contribute to those on the new card, except as noted below.

Each Faction Journal Card provides one or more new rewards as well as at least one reward that appeared during a previous season. If a PC would receive a reward that she already earned on a previous card, she instead treats her effective number of goals completed on all cards as though it were one higher. These bonuses stack—if she earned a duplicate reward on two season's cards, she treats her effective number of goals completed as two higher. For example, Zarta Dralneen has completed five of the goals on the Season 8 Dark Archive card, and she begins working on the Season 9 card. When she fulfills two goals on the new card, she earns the Enduring Scholar boon—the same boon she earned on her previous card. Instead of gaining two uses of Enduring Scholar, she gains benefits from the boon as though she had fulfilled six goals instead of five. She does not unlock any other rewards on the Season 9 card, but she increases the benefit of boons that scale based on the number of goals completed.

SCARAB SAGES

Amenopheus
14034-48

Osirion is among the oldest nations, yet its greatness has waxed and waned over the ages. A pair of scholars has revived the Jeweled Sages, an organization dedicated to recapturing Osirion's lost glory and disseminating forgotten knowledge to bring about a new golden age in the Inner Sea. Rebuilding the order depends on recovering more of the original *sage jewels* and recruiting new sages. This year, the Scarab Sages must use their knowledge to defeat an ancient evil from within before it undermines everything they've worked for.

SEASON 9 REWARDS

LESSONS OF HISTORY (2+ goals): You are adept at avoiding the mistakes of the past. Once per adventure when you attempt and fail an attack roll, skill check, or saving throw and then attempt that same check again, you can add an insight bonus to this second roll equal to 2 + half the number of goals you have completed (rounded down).

SOUL WARDEN (4+ goals): You studied ancient secrets that help anchor your soul to your body. Treat your Constitution score as 4 points higher for the purposes of determining when hit point damage kills you.

SAGE JEWEL CANDIDATE (7+ goals): The benefits of soul warden extend to all allies within 30 feet. After spending Prestige Points in order to be restored to life, you gain a number of temporary Prestige Points equal to half the number expended. You can spend these temporary points only to retrain your character (*Pathfinder RPG Ultimate Campaign* 188) before the end of your next adventure, after which time unused points are lost.

Once per adventure when you accomplish one of the following goals, you can check a box that precedes it. Once all of a goal's boxes are checked, the goal is complete. You earn special rewards based on the number of goals you have completed.

- Explore an ancient site during the course of an adventure. To qualify, the original occupants must have abandoned the site at least 1,000 years ago, and it must cover at least 2,500 square feet (a 50-ft.-by-50-ft. area).
- Recruit a named NPC scholar, archaeologist, extraplanar authority, or similar figure to join the Scarab Sages. Recruitment requires a Diplomacy or Knowledge (local) check with a DC equal to 15 + your character level.
- Recover a gem worth at least 400 gp plus 100 gp × your character level during an adventure. A gem-like wondrous item such as an *elemental gem* or a *pearl of power* fulfills this goal, but its market price must be at least twice this value.
- Participate in an adventure in which your opponents include divs, followers of divs, or evil necromancers.
- Successfully complete a scenario in Season 3 of Pathfinder Adventure Card Guild: Season of Plundered Tombs.
- Become possessed by a creature using *magic jar*, the malevolence ability, or a similar effect. Alternatively, permanently destroy a haunt.
- Have a number of ranks in one of the following skills equal to your character level (minimum 4): Appraise, Knowledge (any), or Linguistics.
- / Serve as the GM for an adventure that grants 1 or more XP, and apply the Chronicle sheet to this character. Checking 3 boxes counts as one goal for earning faction rewards; checking all 5 counts as two goals.
