## This Chronicle sheet grants access to the following:

Crushing Victory: You lured the haunted clockwork armies of Pan Majang into a deadly trap, pinning them under rubble before dropping a literal mountain on top of them. You gain a constant +1 competence bonus on Climb and Knowledge (engineering) checks. When attempting such a check, after you roll but before the GM reveals the results of your check, you can cross this boon off of your Chronicle sheet to retroactively apply a +5 competence bonus on that check.

□ □ □ □ Diguo-Dashu Archaeologist: Your attention to detail in the cavern known as the Big Ticker ensured that not even mountain crashing through the planes could obliterate the history of the Old Rat's Stolen Heart. Before rolling any Knowledge check, you may check a box next to this boon to gain a +2 competence bonus on that check. If the Knowledge check is related to constructs, ratfolk, or the Darklands, you instead gain a +5 competence bonus on that check.

🗖 🗎 🗎 🗖 🗗 Diguo-Dashu Trade Agreement (Exchange Faction): At the end of each adventure, you can expend your Downtime to check a box that precedes this boon. Any time after all the boxes next to this boon have been checked, you may cross this boon off of your Chronicle sheet as a full round action to gain either 2,000 gp or a single item worth 3,000 gp or less, delivered by magical messenger as payment from your Diguo-Dashu mercantile connections for services rendered.
