Masterful Performance: As a reward for exonerating the Umbra Carnival, Amara Delisen taught you a few tricks of stage presence and misdirection. You gain one of the following benefits, chosen at the time you use this ability (a swift action): a +3 bonus on a Bluff check to feint in combat or create a diversion to hide, a +3 bonus on an Intimidate check to demoralize an opponent, a +3 bonus on any Sleight of Hand check, or a +1 bonus to the caster level and DC of any one enchantment or illusion spell you cast. When you use this ability, cross it off the Chronicle sheet.

Clockwork Spy: You recovered a broken clockwork creation, but without extensive repairs it will never function again. You may spend 50 gp to attempt to repair the construct. If you then succeed at a DC 30 Craft (clockwork) or Disable Device check, you may spend an additional 325 gp to restore the clockwork spy to full working condition (see page 58 of *Pathfinder RPG Bestiary 3*), after which it follows your simple commands. You may take 10 on this check but may not take 20, as the 50 gp is consumed whether or not you succeed at your skill check. You may substitute spending 2 PP for either of these skill checks but must still pay the requisite gold for the repair. The clockwork spy cannot be repaired if it uses its self-destruct ability anytime thereafter. You must bring a copy of *Pathfinder RPG Bestiary 3* to any game in which you plan to use the clockwork spy, as if it were available as an additional resource.
