This Chronicle sheet grants access to the following:

Inner Struggle: Your exposure to a mindscape has given you a unique way to fight off psychic magic. When you fail a saving throw against a mind-affecting compulsion effect, you can cross this boon off your Chronicle sheet in order to delay the effect and be stunned until the end of your next turn instead as you retreat into your own personal mindscape to fight off this hostile magic. At the end of your turn, you can attempt a new saving throw against the effect to end it. If you succeed, the effect ends. If you fail the save, the original effect overpowers your mental defenses and resumes.
