This Chronicle Sheet grants access to the following:

This Chronicle sheet may only be assigned to a Pathfinder Society character between December 19th, 2015 and January 9th, 2016. Once assigned, the effects may be used at any time thereafter.

As part of the winter solstice's tribute to Desna, you partook in the Ritual of Stardust. Following a great feast, the celebrants built a great bonfire and tossed handfuls of sand and crushed rose quartz into the flames to represent the stars. After the embers died down, you found that the Song of the Spheres had infused some of the crushed gemstones with her power. Choose one of the following benefits, and cross the other off your Chronicle sheet.

Guiding Stars: As a standard action, you can throw the handful of sand into the air, causing the air to sparkle faintly for 1 minute in a 40-foot radius centered on your space. All creatures in the area gain a +2 luck bonus on saving throws against any effects that would give them the confused condition, and any confused creature in the area that would act normally or babble incoherently on its turn receives a new saving throw against the confusion effect; if successful, the creature ends the effect for itself only.

Starkissed Sand: Although the gem dust has minimal monetary value, you can use the entire handful when casting as spell as if it were powdered gemstones of any variety worth 250 gp. In addition, you can choose to augment the spell with one of the following metamagic feats without changing the spell slot of the adjusted spell: Enlarge Spell, Extend Spell, Heighten Spell (saving throw DC increases by 1), or Silent Spell. When you use this boon, cross it off your Chronicle sheet.

Thank you for playing PFS with the Boston Lodge! :-)

We wish you and yours a gloriously happy and safe holiday season.
