This Chronicle sheet grants access to the following:

Archaeological Expert: The Pathfinder Society has a strong tradition of archaeological exploration, and you have proven yourself a capable excavator and historian. You gain a +1 bonus on Appraise and Knowledge (history) checks to identify the cultural significance of art and objects. If you would fulfill the primary success conditions of an adventure but fail its secondary success conditions, you can cross this boon off your Chronicle sheet and attempt an Appraise, Knowledge (history), or Profession (archaeologist) check (DC = 10 plus twice your character level). If you succeed, you make a small but significant archaeological discovery that allows you—and only you—to earn the Prestige Point reward anyway. You cannot take 10 on this check.

Imperium Initiate: Your study of Jistkan ruins and golems has taught you a few tricks for handling the supernatural soldiers of ancient Garund. You can cross this boon off your Chronicle sheet before casting a spell to make it especially effective against constructs and divs. Those creatures take a -2 penalty on all saving throws made against the spell for 1 round. Alternatively, you can cross this boon off your Chronicle sheet as a free action to treat the hardness and damage reduction of all constructs and divs as 5 lower against your attacks for 1 round.
