This Chronicle sheet grants access to the following:

Sky Citadel Reclaimer: You succeeded in reclaiming the sky citadel Jormurdun, an immense fortress city abandoned millennia ago. You were able to claim a small boon for yourself either by studying the lore left behind by the dwarves or earning a divine favor by restoring a shrine to working order. Choose one of the following rewards, and cross the other four off your Chronicle sheet.

Foes of the Forge Father (Monument District): Extensive wall carvings document the dwarves' struggle against their ancestral enemies, and having read the atrocities committed by giants, goblins, and orcs, you have dedicated yourself to defeating them. You gain a +2 bonus on attack rolls made to confirm critical hits against humanoids with the giant, goblin, or orc subtype, and you deal additional damage equal to your weapon's critical hit modifier when you score a successful critical hit against such a foe; this additional damage is added to the final total, and is not multiplied by the critical hit modifier itself.

Secrets of Creation (Armorer's District): Among the fragile texts in Jormurdun you found treatises on the enchantment of magic arms and armor. Once per day you can cast *magic weapon* as a spell-like ability with a caster level equal to your character level. In addition, whenever you cast *greater magic weapon* or *magic vestment*, you treat your caster level as one higher for the purposes of determining the spell's effects. If you wield a weapon or wear armor augmented by either of these spells, you treat the spell's caster level as one higher (unless the spell has already benefited from this boon).

Shrine Savior (Temple District): Thanks to your efforts, the shrines of Jormurdun are better understood and cleansed of evil influence. You may use this boon to reduce the Prestige Point cost of a spellcasting service by 2 (minimum 0 Prestige Points). When you use this boon, cross it off your Chronicle sheet.

Sight of the Unseeing (Seer's District): Your exposure to Jormurdun's prophecies and ancient cults has given you exceptional insight into future events. You gain a +1 insight bonus to AC and on saving throws when flat-footed or during a surprise round. You may cross this boon off your Chronicle sheet before rolling attack roll, initiative check, ability check, skill check, or saving throw to add 1d6 to the result. Alternatively, you may cross this boon off your Chronicle sheet before rolling d% as part of a divination spell (such as augury, divination, or *contact other plane*) to either add or subtract 1d6 from the result.

Unrelenting Defense (Miner's District): You have received a boon from one of the dwarven pantheon, granting you the ability to withstand physical harm without complaint. You can use this boon as a move action to gain DR/adamantine equal to 1 + half your level for 5 rounds. If you already have DR/adamantine (such as from *stoneskin*), you instead increase the DR value by 3 for 1 minute. When you use this boon, cross it off your Chronicle sheet.

Sky Key Core: You assisted the Pathfinder Society in the recovery of a strange relic known as the Sky Key, though it appears this is just one piece of a larger device. Each time you earn a Sky Key Component boon, you also recover one spent Prestige Point.
