Items Found During This Scenario

Siege-Hardened: You survived the Siege of Nerosyan, and you have learned some impressive tricks for fighting demons. You gain a +1 bonus on weapon damage rolls against creatures with the demon subtype. Before rolling a caster level check to overcome a demon's spell resistance, you may cross this boon off your Chronicle sheet to gain a +3 bonus on the roll.

You earn one of the following boons, depending upon the result of the siege. Cross out the rest.

Defender of Nerosyan (Near Defeat): The city of Nerosyan still stands in part because of your actions, but all of its resources will be dedicated to rebuilding and preparing for the next offensive. You gain no additional benefit.

Defender of Nerosyan (Admirable Defense): The city of Nerosyan stands in part because of your actions, and Queen Galfrey herself has taken note. While in Mendev or the Worldwound, reduce the cost of purchasing a Prestige Award while outside of a settlement of 5,000 residents or more by 2.

Defender of Nerosyan (Impressive Defense): The city of Nerosyan stands in part because of your actions, and Queen Galfrey herself has taken note. While in Mendev or the Worldwound, reduce the cost of purchasing a Prestige Award while outside of a settlement of 5,000 residents or more by 3. You gain a 5% discount on any magical items that require a spell with the Good descriptor as a spell prerequisite. This discount does not stack with other discounts.
