This Chronicle sheet grants access to the following:

Armed to the Teeth (Sczarni Faction): Now that Guaril knows where his enemies hide, he is sparing no expense to ensure his agents are prepared for anything. The next time you travel to Kaer Maga for a Pathfinder Society mission, Guaril Karaela gives you a single item worth up to 250 gp. You don't have to choose the item until the mission begins.

No Stranger to the City (Qadira Faction): The Trade Prince Aqir al'Hakam has turned his gaze upon Kaer Maga, and he quickly draws on available research to ensure you are well acquainted with the City of Strangers. You gain a +2 bonus on Knowledge (local) checks regarding Kaer Maga, and can make such checks even if untrained. You may cross this boon off your Chronicle sheet to reroll a single Bluff, Diplomacy, or Intimidate check made to influence a citizen of Kaer Maga.

Reckless Revenge: You chose to undermine Torch's schemes in Osirion, but he easily identified your plans. You have developed a reputation as one who seeks Torch's downfall, even if you are not always successful.

Seeking the Sages (Osirion Faction): You are in pursuit of the legacy of the Jeweled Sages, which Amenopheus believes is very close at hand. Having this boon contributes to events later in the *Destiny of the Sands* storyline and does not grant any benefits at this time.

Subtle Revenge: You chose to undermine Torch's schemes in Osirion, and it seems he never found out about your sabotage. This may lead him to miscalculate a risk or fail at an important scheme in the future.
